## Question: 1

**Which three of the following service components are included in the design phase? (Choose three.)**

- A. Account Qualification and Planning
- B. Detailed Design Customer Sign-Off
- C. Staff Training
- D. Systems Acceptance Test Plan Development
- E. Proposal Development
- F. Staging Plan Development

Answer: B, D, F

## Question: 2

**Which of the following is an activity of the site readiness assessment service component in the plan phase?**

- A. Align Business Requirements to Technical Requirements
- B. Create a Plan to Recycle Used Equipment
- C. Assess Infrastructure Requirements
- D. Install and Test System Components in a Nonproduction Environment

Answer: C

## Question: 3

**Which service component in the security implement phase includes activities such as executing test cases, capturing test results, and tuning test procedures?**

- A. As-Built Documentation
- B. Acceptance Testing
- C. Staging
- D. Define Technical Procedures
- E. Network Ready for Use

Answer: B

## Question: 4

**Which activity is performed in a security solution readiness assessment?**

- A. Assess Existing Software Operations Procedures
- B. Survey Facility Site
- C. Preliminary Technology Discovery
- D. Assessment and Remediation Planning

Answer: A

Question: 5

**Which three activities are part of a security site readiness assessment service component in the plan phase? (Choose three.)**

- A. Business Case Development
- B. Facility Site Survey
- C. As-Built Documentation
- D. Perform an Acceptance Test Plan
- E. Assess Infrastructure Requirements
- F. Perform Site Assessment Gap Analysis

Answer: B, E, F

Question: 6

**Which service component in the design phase develops a plan that identifies the steps to move from an existing system to a proposed system?**

- A. Business Plan Development
- B. Implementation Plan Development
- C. Business Requirements Document
- D. Staging Plan Development

Answer: B

Question: 7

**Which service component is part of the design phase?**

- A. Change Management
- B. Implementation Plan Development
- C. Site Readiness Assessment
- D. High-Level Design Development

Answer: B

Question: 8

**Which service component is in the security operate phase?**

- A. Change Management
- B. Operation Assessment
- C. Operations Design
- D. Security Technology Assessment

Answer: A

Question: 9

**Which design phase service component activity is part of the staging plan development?**

- A. Checking Hardware and Software Configuration
- B. Detailing Installation and Service Requirements in a Controlled Implementation Environment
- C. Planning an Escalation Notification Process
- D. Present Systems Acceptance Test Plan

Answer: B

Question: 10

**Which activity is included in the security business requirements development service component in the prepare phase?**

- A. Conduct Executive Sponsor Interview
- B. Conduct Initial Interview
- C. Conduct Business Requirements Workshops
- D. Hold Partner and Cisco Systems Strategy Meeting

Answer: C

Question: 11

**Which of these activities is part of the detailed design system acceptance test plan development service component in the design phase?**

- A. Confirm Project and Milestone Dates
- B. Present Systems Acceptance Test Plan
- C. Present and Discuss Staging Plan at the Customer Site
- D. Discuss and Document Progress of Remediation Plan

Answer: B

Question: 12

**Which partner benefit is associated with executing a comprehensive security detailed design system acceptance test plan?**

- A. Correctly implementing the customer security policies in security solution configurations
- B. Helping to improve margins and profitability by reducing the possibility of prolonged engagements
- C. Ensuring that all necessary hardware and software products are included in the design
- D. Ensuring that tools and procedures are in place for operating the solution on an ongoing basis

Answer: A

## Get Full Version of Exam 650-575 PDF Q&A

techeXams presents authentic, genuine and valid study material, which promise 100% success in very first attempt. To take optimal results for 650-575 exam, you need to buy full version of 650-575 question and answer. An average of approximately 10 to 15 hours should be spent to study these exam questions and you will surely pass your exam. So come join us and quench your thirst for knowledge.
