Question: 1

Which of the following WLAN service components all occur in the prepare phase?

- A. High-level Design, Proof of Concept, Technology Strategy Development
- B. System Requirements Validation, WLAN wired Network Integration Assessment, Operations Readiness Assessment
- C. Proposal Development, Customer Education, Service Assurance
- D. Security Assessment, Security Administration, Staging Plan Development

Answer: A

Question: 2

Which service component within the prepare phase provides a technology-focused and/or business-focused demonstration of the wireless technology solution to highlight the features and benefits?

- A. High-Level Design Development
- B. Customer Education
- C. Technology Strategy Development
- D. Proposal Delivery
- E. Proof of Concept

Answer: B

Question: 3

The activity of identifying the customer's support model for WLAN is part of which service component in the plan phase?

- A. Operations Readiness Assessment
- B. Site Readiness assessment
- C. Proposal Delivery
- D. Account Planning

Answer: A

Question: 4

"In the wireless design phase, which service component provides a comprehensive, implementation-ready design for the customer's wireless solution?"

- A. Business Plan
- B. Staging Plan
- C. Detailed Design Development
- D. Systems Acceptance Test Plan Development

2

Answer: C

Question: 5

Which two service components are in the implementation phase?
(Choose two.)

- A. Wireless Reading
- B. Project Planning
- C. Site Readiness Survey
- D. Systems Acceptance
- E. Configuration Migration

Which two service components are in the implementation phase?

Answer: B, D

Question: 6

Which service component is most appropriate to address the customer's needs?

- A. Account Qualification
- B. Business Case Development
- C. Technology Strategy
- D. Proof of Concept

Which service component is most appropriate to address the customer's needs?

Answer: C

Question: 7

"Analyzing the customer's requirements, recommending design options, and associated with which phase of the lifecycle?"

- A. WLAN/Wired Network Design
- B. Site Readiness Survey
- C. Project Planning
- D. Security Assessment
- E. Service Migration

"Analyzing the customer's requirements, recommending design options, and associated with which phase of the lifecycle?"

Answer: B
