Question: 1

Which FCIP device supports HP B-series, but not C-series Fibre Channel switches for SAN extension?

- A. SAN Valley SL1000 IP-SAN Gateway
- B. HP StorageWorks MPX100
- C. HP StorageWorks SR2122-2 IP Storage Router
- D. HP StorageWorks Multiprotocol Router

Answer: D

Question: 2

Which critical areas must the SAN architect be able to discuss during SAN design? (Select three.)

- A. Data protection
- B. Data availability
- C. Data replication
- D. San scalability
- E. High availability
- F. San availability

Answer: A, B, D

Question: 3

During an infrastructure assessment, which SAN management category ensures that data is available and accessible?

- A. SAN fabric management
- B. SAN usage and monitoring
- C. SAN storage management
- D. SAN data management

Answer: D

Question: 4

Your customer wants to migrate from a monolithic to a modular SAN design. Which benefits does the new design provide the customer? (Select two.)

- A. Minimum complexity
- B. Lowest number of SAN switch ports
- C. Mainframe compatibility
- D. Consistent throughput
- E. Very high scalability

Answer: D, E

Question: 5

Which naming scheme is supported by HP-UX?

- A. iSCSI qualified
- B. Enterprise unified
- C. SLP service number
- D. Fully qualified
- E. World wide name

Answer: A, B

Question: 6

What is the purpose of a virus scanner?

- A. To clean unwanted files
- B. To minimize the size of files
- C. To safeguard confidential data
- D. To remove viruses

Answer: C

Question: 7

What are the differences between Fibre Channel and iSCSI?

- A. Fibre Channel is a protocol, iSCSI is a standard
- B. iSCSI is a protocol, Fibre Channel is a standard
- C. Another difference is that Fibre Channel is a protocol, iSCSI is a standard
- D. Ethernet bridge

Answer: B

Question: 8

HP0-J27 Demo Exam

What are the primary responsibilities of the SAN architect? (Select three.)

- A. Ensuring data availability
- B. Solving replication
- C. Solving management
- D. Ensuring data protection
- E. Solving SAN scalability
- F. Ensuring database

Answer: A, D, E

Question: 9

Click the Exhibit button to view a customer who is confused about the level of availability shown in the exhibit.

A customer who is confused about the level of availability is shown in the exhibit.

- A. Level 1
- B. Level 2
- C. Level 3
- D. Level 4

Answer: C
